14 October 1946

MEMORANDUM FOR THE FILE:

ILLEGIB

The attention of NIA Secretary has been invited to CIG Directive No. 15 and the difficulties which may result from that section referring to "the central register."

Attention has also been invited to the standing instruction that NIA Secretary will coordinate his work closely with ICAPS.

NIA Secretary acknowledges the correctness on the point of view of ICAPS and has agreed to interpret his instructions to include clearance with ICAPS of all to-be-published documents immediately before publication, even in those cases where they may have originated in ICAPS at some previous date.

In the interests of speed it will be necessary for whatever member, or members, of ICAPS who may be available when the proposed document is referred to ICAPS for clearance to assume the responsibility for clearance on behalf of the entire Staff.
